PRINTED FOR GOVERNMENT

AT THE EDUCATION SOCIETY'S PRESS, BYCULLA.

1863.

No. 116 of 1861.

Revenue Department.

From Major C. Buckle,

Political Agent Rewa Kanta,

To A. D. Robertson, Esq.,

Secretary to Government, Bombay.

Sir,—I have the honour to acknowledge the receipt of your Circular letter No. 598, dated 4th ultimo, and to submit, for the information of the Honorable the Governor in Council, the different statements called for by the Agent Governor General for Central India, and the Revenue Commissioner for Alienations.

2nd. It will be observed that the Returns are eight in all :— 2405

No. 1. A Return showing Scindia's receipts from Land exclusively.

No. 2. Ditto ditto from other sources than Land.

No. 2A. A Return showing incidental receipts in the year Sumvut 1916, on which the calculation for the transfer is to be based, is furnished to enable the Durbar to balance the accounts of that year, but it is not included in the Estimate.

No. 3. A Return showing Jagheer and Surinjam Holdings.

No. 4. Ditto showing Religious and Charitable Grants.

No. 5. Ditto showing the Service Tenures of Wuttundars, Hereditary, District and Village Officers, &c.

No. 6. A Return of Hucks on the Transit Revenue.

No. 7. Ditto of Leases

3rd. The total receipts from land for the year 1916 were—

New Syasaee Rupees.....	1,77,507	14	8
From sources other than Land—			
New Syasaee Rupees.....	1,06,219	2	2
New Syasaee Rupees.....	2,83,727	0	10
Equal to British Rupees....	2,47,578	10	8

4th. The receipts noted in the Return No. 2A, are considered to be of so casual and precarious a nature that they have not been included in the above statement by this Department. The amount is New Syasaee Rupees 8,879-3-3, equal to British Rupees 7,748-2-9, for the year Sumvut 1916.

5th. It must be remarked, with reference to the Return of Land Revenue, that on receiving charge for Scindia in the year 1853-54, the British Officer obtained no detailed account of the measurement and appropriation of the lands of each village. The document upon which all subsequent estimates of revenue derivable

from each village were framed was the Puttabundee (list of leases), issued by the late Soobah Suddaseo Bullal; the leases commenced from 1850-51, and terminated in 1854-55, or one year after the British Officer had received charge. There had never been a Revenue Survey or Alienation inquiry; and "Weegotee" was unknown. After 1854-55 the Puttabundee of that year still continued to be the general guide to assessments, but they were altered according to circumstances.

6*th*. There are no means of ascertaining what is the extent of land enjoyed by the grantees in the Returns Nos. 3, 4, and 5, for the reasons given above. Several of the holders in the Surinjamee Return No. 3 are liable to have their assessments revised. In all cases in which that or the reverse is the case the circumstance has been specially noted. A full explanation of the rights by which the holders of religious and charitable grants enjoy their holdings is given in the return No. 4.

7*th*. With regard to the return showing the service tenures No. 5, I wish specially to bring to the notice of His Excellency in Council, that those amounts only which are paid out of the Government Treasury in cash have been submitted to test during British Administration. I think it very undesirable that the British Government should be bound to recognise in perpetuity, and without further inquiry, claims to the independent collection of Sookree and Cheerda by Desaees, Mujmoondars, Kajees, and others. I would suggest that there should be freedom of action reserved as regards inquiry into grants and alienations. Such an inquiry could not be considered an injustice, for while it would confirm all the ancient rights of individuals in the Province, it would test the validity of claims which may have sprung up without authorization under the administration of the Soobahs.

8*th*. An explanation of the tenure of Hucks upon the Sayer Transit Revenue has been submitted in the remarks in the body of the Return No. 6. These Hucks, which under the Soobahs were collected independently, were found to be a material obstruction to trade and were commuted by the late Superintendent, Major Wallace, after inquiry, for money payments from the Treasury. It is obvious that we cannot return to an obstructive principle affecting British subjects in Goozerat as well as in the five Mahals themselves; and it is also clear that, as the increase of trade is directly attributable to British occupation and superior protection, in which the grantees have no share, any claim to an increase of Hucks, proportionate to the increase of revenue, must now be decided by the British Government. Such claims have been hitherto rejected by the British Administration acting for His Highness Scindia's Government.

9*th*. With reference to leases for one year only, I have the honour to represent that they terminate with the financial year on 5th June. The transfer, however, is to have effect from 1st May. I have therefore the honour to solicit instructions as to the date on which the accounts are to be closed, and in the event of their being closed on 30th April, what is the course to be pursued with regard to the thirty-six days which intervene between the date of transfer and the termination of the official year.

10*th.* The different authorities will observe that there is a difference of New Syasaee Rupees 164-11-2 between the figures submitted in paragraphs 3 and 4 of this report and the gross revenue stated in the annual revenue report for the year Sumvut 1916; the figures are as follows:—

Gross Revenue as stated in the Annual Report, New Syasaee Rupees	2,92,770	15	3
By the statement of paragraphs 3 and 4, New Syasaee Rs.	2,92,606	4	1
Difference, New Syasaee Rupees...	164	11	2
Equal to British Rupees.....	143	11	6

The difference arises from over-estimates of revenue which were eventually rejected.

11*th.* I have the honour to report, for the information of the Hon'ble the Governor in Council, that in the preparation of these voluminous papers, which have required much care and time, I have derived great assistance from the voluntary services of Lieutenant Atkinson, of the Goozerat Bheel Corps, formerly in the Revenue Survey. I trust, that as the Superintendent of the Punch Mahals has no English office independent of the Rewa Kanta, the copies which may be required for the Agent Governor General, can be executed in the Secretariat.

I have the honour to be, &c.

(Signed) C. BUCKLE,
Political Agent.

1	Kusba Dohud	2,566	4	0				There is no Veengotee throughout this Pergunna. The assessments are annual and founded upon a comparison of the circumstances of the village in the present and past year: leases are then issued for one year only: there are exceptions, in cases where the farmer by long possession and frontier position has approximated to the status of a petty Thakoor, such as the Naiks of Chundwanna, Tanda, and Kutwarra. In these cases the assessment is regulated in the same way, but a margin is left for the support of the Naik. In these cases leases are given for three, and even five years. The original foundation of the assessments is derived from Soobah Suddaseo Bullal, who issued leases for five years, from Sumvut 1907 to 1911, on a gradually increasing scale. The management was made over to the British Government in 1910, and the highest scale of assessment by Suddaseo Bullal was taken as a guide. There have been changes in some cases; but the average land revenue has improved since 1910.

....	....	....	....	30 4 0	There are three descriptions of Charitable Grants in this List—"Dhurmada," "Dewusthan" and "Warseek" Expenses. The late Superintendent, Major Wallace, examined the claims individually and forwarded the result with a Maratha translation, through the Agent Governor General for Central India, to the Gwalior Durbar, on 19th May 1855, No. 35. Several references were subsequently made to the Durbar in consequence of no reply having been received to the above letter. On the 9th January 1860 the Dewan of His Highness Scindia addressed the Political Agent at Gwalior on the subject—a Persian translation was forwarded by that Officer to the Superintendent with his letter dated 25th January 1860, No. 45. The contents of the Dewan's letter are, that every thing which was entered in the list handed over by the late Soobah Suddasew Bullal to the Superintendent at the time of giving up charge of the Punch Mahals, was to be continued. But as this letter and enclosure were not replies to the original application from the Superintendent, a further letter, No. 14, dated 15th February 1860 was addressed to the Political Agent at Gwalior. In this letter it was intimated that the Note of the Dewan would be taken for guidance within the official year, and all the arrears, amounting to Rs. 22,488-6-0, would be paid up to the claimants unless the Durbar signified

A special exception was made with reference to a sum of Rs. 1,287-3-3 as the claims to this amount were considered to be entirely untenable, and it was intimated that notwithstanding that the claims were entered in Suddasew Bullal's list, they would not be paid without the special instructions of the Durbar. No answer was ever received to this despatch. It was therefore held that the note of the Dewan had rendered the list of Suddasew Bullal, late Soobah, equivalent to a Sunnud and a good title, with the exception of the claimants to the above-mentioned sum of Rupees 1,287-3-3, which is still refused. In all the other cases the grants were continued and the arrears were paid up, no further proof or documents were held to be necessary under His Highness Scindia's reign. This remark is applicable to the amounts under columns 5, 9 & 11 in this Pergunna, excepting to those of entries Nos. 43 and 44.

290 5 3	....	290 5 3	....	290 5 3	There is no Sunnud, but the holder produces an order purporting to be written by Balcrishna Khooshal to Khundeyrao Bullal, dated 13th Sufur Soorsun Sulas Myatyen wu Uluf 1203, A.D. 1802. The order purports to show that Wuzeeram Janee of Kalole had produced a Sunnud from the Government in which it was stated that the village of Bulletia had been given in charity and therefore Khundeyrao Bullal was to continue the grant. The original paper is not forthcoming. It should be remarked that the order purporting to be written by Balcrishna Khooshal should have been stamped with his own seal, but it actually bears the seal of the person to whom it is addressed, Khundeyrao Bullal. Another order is produced purporting to be written by Bulwuntrao Mahadeo to Umrutrao Atmaram, Komavisdar of Kalole, dated 14th Sabhun Soorsun Seeteesen Myatyen wu Uluf. The purport of the order is that the village of Bulletia was in possession of Wuzeeram Janee, and that it had been confirmed to his son Adeetram.

....	....	....	....	322 0 0	There is no Sunnud, but there are three orders produced—the 1st in Persian has a seal which cannot be deciphered dated 3rd—illegible—Sun 1092 Hijree. A. D. 1681. The purport is that Syud Jemal and Shaik Burra and another, who performed religious service for the tomb of Shaik Oosman, and were possessed of the revenues of Ghoda, had complained of being interfered with and that no one was to molest them. The 2nd in Mahratta—Dowlutrao Scindia sends an order to Sutwajee Cuddum, dated 1st Rujub Soorsun Subbah teesena Myatyen wu Uluf 1197 A. D. 1796, to continue to Goolabsha Fukeer's scholar Cheengeeshah, the Enam village as before—the name of the village is not mentioned. The 3rd in Mahratta—Dowlutrao Scindia orders (with seal) dated 7th (obliterated) as far as can be deciphered, to the same effect—the name of the person to whom the order is addressed is illegible.

.....	6 0 0	The List furnished by the late Soobah Suddaseo Bullal, to the Superintendent on giving over charge, the bearing of which is fully described in the remarks appended to Statement No. 4, contains the names of all the receivers of Temple and Charitable allowances entered in this Statement as regards the rights entered in columns Nos. 4 and 5. No further substantiation of these claims has been deemed requisite for the reasons detailed at length in Statement No. 4. Special remarks are enterd below in reference to the rights noted in columns Nos. 7 and 8. It is further to be observed that no claim originally included in the sum of Rs. 1,287-3-3 rejected by the Superintendent, has been inserted in this Statement or in any other.	These Huks columns Nos. 7 and 8 were recognised as having been established at the time of receiving charge and have been paid accordingly, but the claims do not rest upon the strong ground of Suddaseo Bullal's List and are still liable to alienation enquiry.—Rs. 178 are received by Government from the Duroo Sumust out of the sum of Rs. *972-1-3 every alternate year. In the administration of the late Soobah the Huks were collected independently in each Pergunna by the proprietors from the traders in transit. The system was fraught with inconvenience and occasioned much delay to the traffic. The late Superintendent, Major Wallace, revised this arrangement, and a system was introduced by that officer under which all Huks of every description are collected by Government officials on the frontier; there is then no further interruption to the trader throughout the five Mahals.

131 13 3	131 13 3	An inquiry into the tenures by heads of Villages (Gaumkurree) was made in the year 1855-56 and the claims fixed on an average of the preceding ten years; in cases in which ten years' written proof could not be produced, inquiry was made from the farmers and the Huks fixed accordingly. The settlement provides that the Hukdars are subject to proportionate deduction in case of a falling off of transit revenue. The revenue has steadily increased under superior protection and stronger Government, but no participation in profits has hitherto been admitted.
